DIESEL FUEL SURCHARGE/PRICE PER GALLON

The following diesel fuel-related cost price adjustment (surcharge) will apply on charter transportation charges as listed below:

1. On the 25th day of each calendar month, the price per gallon of diesel fuel will be determined based on the price stated by the US Department of Energy, (DOE) Energy information Administration's (ELA) survey on "Retail On-Highway Diesel Prices – West Coast Average." This price will be obtained by calling the DOE Fuel Hotline at (202) 586-6966 or by access to the DOE website: www.eia.doe.gov
2. If the 25th day of the calendar is a Federal holiday, the price will then be determined based on the State DOE price available on the next subsequent business day.
3. The DOE fuel price obtained will then be indexed based on the diesel fuel cost price adjustment factor as set forth in the fuel price matrix below to determine the diesel fuel cost price adjustment (surcharge) that will become applicable the first day of the following month. The adjustment determined will apply to all transportation reservations being booked beginning on the 1st day of the following month and remain in effect until the last day of that calendar month.
4. The fuel charge will be applied to all charter rates including Basic, Deadhead, Live or Mileage whichever is greater.
5. The fuel surcharge, if applicable for any given month, will be passed along to all customers.
6. The resulting charge will be in addition to all other applicable transportation charges.
7. The fuel surcharge will be shown separately from other charges.
